RE: 2018 Pulverizing and Milling Asphalt Pavement

To whom it may concern:

You are invited to submit sealed quotations on furnishing and delivery for the 2018 Pulverizing & Milling Asphalt Pavement per attached specifications.

The Highway Commission will open the sealed quotations at 10:00 a.m., Thursday, February 22, 2018 at the Fond du Lac County Highway Commission, 301 Dixie Street, Fond du Lac, WI. If you mail your quotation, please mark on the outside of the envelope **“Pulverizing & Milling Asphalt Pavement Quote.**

The Highway Commission reserves the right to reject any or all quotations or to accept that quotation considered most advantageous to Fond du Lac County. Bidders must use bid forms provided.

Sincerely,

Thomas J. Janke, P.E.
Highway Commissioner

Enclosures:

**REQUEST FOR QUOTES
FOR
2018 PULVERIZING & MILLING ASPHALT PAVEMENT**

Sealed quotes for furnishing and delivery of 2018 Pulverizing and Milling Asphalt Pavement will be received by the Fond du Lac County Highway Department, P.O. Box 1234, 301 Dixie Street, Fond du Lac, WI 54936 until Wednesday, February 21, 2018 at 10:00 a.m. local time. Quotes will be publicly opened and read aloud at that time at the Fond du Lac County Highway Department.

Specifications, Special Provisions and Proposal forms may be obtained at the Highway Commission Office, 301 Dixie Street, Fond du Lac, Wisconsin, upon request. No quote shall be withdrawn after the opening of quotes for a period of thirty (30) days after the scheduled time without the consent of the County Highway Commission.

The Fond du Lac County Highway Commission reserves the right to accept or reject any or all quotes or to accept any quote which in their opinion is the most advantageous to Fond du Lac County.

Thomas J. Janke, P.E.
Highway Commissioner
Fond du Lac County Highway Commission

**SPECIFICATIONS
FOR
2018 PULVERIZING & MILLING ASPHALT PAVEMENT**

1. General

The Fond du Lac County Highway commission is seeking quotations for Pulverizing & Milling Asphalt Pavement. The quotations shall be quoted on an hourly basis for equipment used in the recycling process. Additionally we are requesting an average rate per square yard for various listed projects. The County shall be supplying all manpower and equipment available to the County for the recycling process. The purpose of these informal quotations is to obtain hourly rates for machines (average square yard price if applicable) needed in the recycling process not owned by the County.

2. Scope of Work

Fond du Lac County has approved projects requiring pulverizing & milling asphalt pavement that are identified in the 2018 budget. The County shall be doing all work related to the full depth reclamation and milling except the actual milling or pulverizing of the asphalt pavement. All hourly rates shall be quoted for production hours only. All machine repairs, breakdowns, teeth, fuel, labor and water supply for the machine shall be included in the hourly rate per hour.

3. Pulverizing and Milling Asphalt Pavement

The full depth reclamation or pulverizing in place recycling shall be accomplished by pulverizing full depth into the gravel sub-base or to maximum depth of 16" if required. The depth of pulverizing shall be determined by the asphalt pavement thickness. This pulverizing depth shall be done in one pass to a width of 8'. The recycled asphalt shall be pulverized to a minimum size passing 1-1/2" sieve. This pulverized asphalt shall be free of asphalt chunks larger than 1-1/2" in a majority of the blended material. A few larger size chunks of asphalt can develop from time to time but they must be kept to a minimum. Existing pulverized asphalt shall be uniformly pulverized to a depth of a minimum 2" below the bottom of the existing asphalt layer into the portion of the underlying material full depth in one pass of the pulverizing machine. All support equipment shall be supplied by the County crews such as: rollers, signs, labor for miscellaneous work, graders, flagging, and detours if needed. The work may be done with the road open to traffic.

The Wisconsin Standard Specifications for Road and Bridge Construction most recent edition shall be considered a part of these specifications.

The prices per hour quoted for milling and pulverizing equipment shall be considered full compensation for equipment, materials, labor, parts and repairs associated to the operation of the equipment.

Mobilization shall be quoted as a lump sum payment and an hourly rate quoted for moving the milling and pulverizing machines in Fond du Lac County from job to job.

The County will require the successful bidder to provide **two (2) machines** on certain pulverizing and milling projects for the purposes of higher production.

4. Insurance Requirements

Certificate of insurance indicating that required levels of insurance coverage's are enforced at the time the proposal is submitted should be included as part of this proposal.

- A. Workers Compensation Insurance consisting of statutory compensation benefits and \$100,000 of employer's liability.
- B. Comprehensive or Commercial General Liability Insurance with limits of not less than \$1,000,000 combined single limit per occurrence and aggregate. This coverage shall include contractual liability coverage.
- C. Comprehensive Owned and Non-owned Automobile Liability Insurance with the limits of \$1,000,000 combined single limit per occurrence and aggregate.
- D. Professional Liability Insurance coverage with an annual occurrence and aggregate limit of not less than \$1,000,000.

5. Instructions

All quotes are to be sealed and marked "**2018 Pulverizing and Milling Asphalt Pavement**", and addressed to the Fond du Lac County Highway Commission, 301 Dixie Street, P.O. Box 1234, Fond du Lac, Wisconsin 54936-1234. Facsimile or email bids will not be accepted.

6. Wage Requirements

2015 Wisconsin Act 55 (the budget bill) repeals the state prevailing wage law for local governmental effective January 1, 2017. This work will not require prevailing wages and includes but not limited to pulverizing the following: CTH AW (Lakeland Rd to STH 49), CTH OOO (CTH I CTH VVV), CTH HH (USH 151 to CTH G), CTH GGG (CTH S to CTH SS) and CTH AS (Oakgrove Rd to CTH EE) and milling various county highways for patching.

7. Estimated Quantities & Schedule

The Highway Department anticipates approximately 2.0 miles of milling and 14 miles of pulverizing will be done, however final mileage is yet to be determined. The successful bidder shall be asked to coordinate the machine schedule with the County schedule which is expected to begin in mid-April 2018.

**BID FORM
