Elder and Adults At Risk

What is an Elder at Risk?

When a person 60 years and older is subjected to physical abuse, material or financial exploitation, neglect, self-neglect, or emotional abuse.

What is an Adult at Risk?

When a person 18 or 59 years (old who has a physical ailment, mental illness or developmental disability that substantially impairs their ability to care for their needs) and is experiencing physical abuse, material or financial exploitation, neglect, self-neglect or emotional abuse.

Examples of Abuse:

- **Physical Abuse** is the willful infliction of physical pain, injury or unreasonable confinement. It includes, but is not limited to, beating, choking, burning, inappropriate medication, tying, locking a person up and sexual assault.
- **Material or Financial Exploitation** is the misuse of money or property. It includes deception, diverting income, mismanagement of funds and taking money or possessions against a person's will.
- **Neglect** occurs when a caregiver's failure to provide adequate food, shelter, clothing, supervision, medical or dental care results in significant danger to the physical or mental health of an elder or adult under their care.
- **Self-Neglect** occurs when an elder or adult's physical or mental health is endangered by their own inability to provide adequate food, shelter, clothing, medical or dental care.
- **Emotional Abuse** is name calling, threatening, harassing or treating an elder or adult like a child. It also includes isolating an elder or adult from their family members and friends.

Risk Factors for Elders and Adults at Risk:

- Significant losses in life which result in their becoming more dependent (e.g. death of spouse, loss of health, loss of independence, etc.)
- History of family conflict and poor family relationships
- Unreasonable expectations placed on elder or adult by caregiver and vice versa
- Substance abuse by caregiver, elder and/or adult
- Caregiver dependence on an elder or adult for money and/or support
- Poor physical and/or mental health of caregiver
- Caregiver attempts to assume power of attorney when the elder or adult is not capable of understanding what they are signing
- Caregiver overburdened by caring for other dependents, having too many demands and having poor impulse control or conflict resolution skills
- An elder or adult who is at risk for exploitation due to cognitive impairments.

Advance Directives

Advance planning allows you to make choices regarding your medical care and/or finances in the event that you become incapacitated. This is your opportunity to express your wishes rather than potentially having a court appoint a guardian to do this for you. Advance planning may be made by any competent individual 18 years and older.

The Wisconsin Department of Health Services has advance directive forms available online. These forms are designed to be completed without the assistance of an attorney. Given your particular circumstances or concerns, you may want to seek legal advice from an attorney.

You may access the following forms at:

www.dhs.wisconsin.gov/forms/advdirectives:

- Declaration to Physicians (Wisconsin Living Will)
- Power of Attorney for Health Care
- Power of Attorney for Finance and Property
- Authorization for Final Disposition

To be valid, the forms must be complete and signed. The Declaration to Physicians (Living Will) and the Power of Attorney for Health Care have accompanying letters that are not part of the legal forms but contain information that should be read prior to completing the forms.

The forms contain standardized wording specified in the Wisconsin Statutes. If these forms are filled out and signed correctly, the completed forms are presumed to be valid in the State of Wisconsin.

For one copy, send a stamped, self-addressed business sized envelope to:

Power of Attorney
Division of Public Health
PO Box 2659
Madison, WI 53701-2659

Forms, or variations of these forms, are available from your attorney, physician, hospital or at the Aging & Disability Resource Center (ADRC).

Multi-language versions of the Advanced Directive and Power of Attorney for Health Care may be obtained at the State Bar of Wisconsin or Aging with Dignity.
