### Fond du Lac County Public Health Order #2

Emergency medical services (EMS) play a vital role in responding to requests for assistance, triaging patients, and providing emergency medical treatment and transport for ill persons. It is essential to protect EMS providers so that they may continue to safely respond to calls for assistance during the state of emergency relating to the COVID-19 outbreak.

Today Fond du Lac County Public Health Officer Kim Mueller, acting in accordance with Wisconsin Statute § 252.03(2) issues the following orders in response to the Covid-19 Public Health Emergency:

- 1) Until further notice, ALL first responders and emergency medical services personnel shall be required to wear personal protective equipment when responding to all health emergency calls including those requesting assistance at long-term care facilities, and nursing homes. Personal protective equipment at a minimum shall include face masks, goggles, and gloves.
