Fond du Lac County Public Health Order #4

Fond du Lac County Public Health Officer Kim Mueller, announces that Fond du Lac County Health Order #3 regarding campgrounds shall be rescinded effective April 24, 2020 at 8:00 a.m. According to the Department of Health Services April 16th Safer at Home Emergency Order #28, campgrounds will be allowed to open as long as they follow restrictions as set forth in section 13. Please click [here](#) regarding Safer at Home Frequently Asked Questions document.

While the directive does not specifically address campgrounds, to help ensure we are protecting the community, please follow these recommendations if your facility will be in operation:

1. Maintain social distancing of 6 feet at all times.
2. Prohibit the use of buildings or public spaces that would encourage social gatherings of any number of people.
3. Limit all campsites to members of a single household or living unit. All other private gatherings of any number of people are prohibited.
4. Increase the cleaning frequency of shared toilet facilities, laundry facilities and shower buildings.

This Health Order will remain in effect as long as the Wisconsin Governor's Safer at Home order #28 is in effect.
