

COVID-19 Data by Municipality Summary

August 20, 2020

Summary

- According to [WI DHS](#), currently in Fond du Lac County the burden of confirmed COVID-19 cases is high and the activity level is high. This is based on COVID-19 data from the last 2 weeks.
- As reported by WI DHS as of 8/19/2020, the past 2-week confirmed case rate for Fond du lac County is 223.5 per 100,000 population, an increase from the 180.9 per 100,000 population case rate reported last week on 8/12/2020.
- Unusually high case rates, in part, due to small population sizes, were noted in the past two weeks for several municipalities.
- Increased physical distancing and mask wearing are recommended to reduce case counts and decrease spread of the virus. Keep social circles small and avoid crowded indoor spaces.

Background Information and Considerations

This report provides data on the confirmed COVID-19 cases from August 3 - August 16, 2020 for municipalities located within the Fond du Lac County Health Department jurisdiction. Data may be underreported for recent days because results can take multiple days to be reported to the health department. As this is a weekly report for the past 14 days, there will always be a week of overlap between reports.

The COVID-19 data provided in this report is specific to the Fond du Lac County Health Department (FCHD) jurisdiction (population: 103,403). It does not include data or cases for the portions of municipalities that fall outside of Fond du Lac County, such as the City of Waupun. FCHD only provides case counts, case rates, and burden status based on the jurisdiction of Fond du Lac County. Case rates fluctuate greatly among municipalities with small population sizes. Interpret case rates with caution.

Confirmed Cases by Municipality for the Past Two Weeks (August 3 – August 16)

Municipality	Confirmed Case Count for past 2 weeks	Case Rate (per 100,000)	Burden*	Population**
City of Fond du Lac	89	202.5	High	43,954
City of Ripon	9	111.9	The populations in these municipalities are too small to provide burden status. Case rates fluctuate greatly with small population sizes. Interpret with caution, rely more on case counts and trend of case counts over time to estimate risks. Data is suppressed for municipalities with fewer than five confirmed cases in the past two weeks.	8,042
Village of North Fond du Lac	12	235.0		5,106
Town of Taycheedah	12	272.7		4,400
Town of Fond du Lac	Less than 5 cases			3,620
City of Waupun***	6	167.8		3,576
Town of Empire	Less than 5 cases			3,003
Town of Friendship	8	286.9		2,788
Town of Auburn	6	244.4		2,455
Village of Campbellsport	Less than 5 cases			2,054
Town of Lamartine	14	729.9		1,918
Town of Osceola	Less than 5 cases			1,887
Town of Ashford	7	392.4		1,784
Town of Byron	6	352.5		1,702
Town of Calumet	6	380.2		1,578
Town of Eldorado	7	458.1		1,528
Town of Waupun	5	348.4		1,435
Town of Ripon	Less than 5 cases			1,418
Town of Alto	0	0.0		1,192
Town of Marshfield	Less than 5 cases			1,178
Town of Forest	Less than 5 cases			1,160
Village of Rosendale	0	0.0		1,105
Village of Oakfield	8	742.1		1,078
Town of Eden	Less than 5 cases			1,057
Village of Eden	Less than 5 cases			906
Village of Brandon	0	0.0		808
Village of Mt. Calvary	0	0.0		799
Town off Springvale	Less than 5 cases			753
Town of Rosendale	0	0.0		719
Town of Oakfield	Less than 5 cases		714	
Town of Metomen	Less than 5 cases		709	
Village of St. Cloud	0	0.0	478	
Village of Fairwater	Less than 5 cases		365	

*Burden is based off of the case rate per 100,000 people in the past two weeks. See table on page 3 for more information on Burden Status. Visit the DHS website for more information on this indicator at the state level

<https://www.dhs.wisconsin.gov/covid-19/local.htm>

**Population for municipality was retrieved from July 1, 2020 ESRI Census Block Apportionment Data Enrichment.

***Fond du Lac County does not report for portions of the City of Waupun that fall outside of Fond du Lac County.

Burden Status	Case Rate per 100,000 residents in the past two weeks
Low	Case rate is less than or equal to 10.
Moderate	Case rate is greater than 10, but less than or equal to 50.
Moderately High	Case rate is greater than 50, but less than or equal to 100.
High	Case rate is greater than 100.

Note: Case rate is determined by number of new confirmed cases during the past two weeks, divided by population in the municipality, multiplied by 100,000. Rates can fluctuate greatly with small population sizes making it difficult to call out high rates. The number of cases for each burden status refers to the number of confirmed cases during a two-week time span.
