# FAQ ON PUBLIC HEALTH RESPONSE TO EMERGENCY ORDER #3 - LIMITING PUBLIC HEALTH GATHERING

**How is the health department going to enforce this order?**

**A:** We first ask that business owners and organizations take personal responsibility of following the emergency order and comply voluntarily.

If there is an establishment or local business that is not complying with the order, the health department has a form available on the COVID-19 page at [www.fdlco.wi.gov](http://www.fdlco.wi.gov) to report the non-compliance issue. Complaints can be anonymous but we ask for a detailed description of the situation.

The health department will review complaints and follow-up as determined necessary with the establishment. We are taking an education first approach to the emergency orders.

**What do I do if I notice a business or organization not implementing the 25% capacity limit?**

**A:** A complaint can be submitted to Fond du Lac County Health Department via an online form.

**What does this mean for Phase 1 of the Safe Restart?**

**A:** Fond du Lac County remains in Phase 1 on the Fond du Lac County Safe Restart Plan and urges residents to follow Phase 1 recommendations as they align with the emergency order.
