

Hobbs Woods

Parsons Creek

Forest

Located about three miles south of Fond du Lac, Hobbs Woods is a 60-acre county park devoted to hiking and nature study. Most of the park is thickly wooded, but several acres of prairie, planted in 1979-80, are coming along well. Parsons Creek carves a large ravine through the park, and harbors some naturally reproducing brook trout. About three miles of nature trails, which are keyed to a self-guiding brochure, wind through the park.
