

# Construction Site Erosion Control and Stormwater Management Permits

## Permit Fees & Staff (For Calendar Year 2026)

### All fees must be paid at the time of application

#### I. Applications that Only Require an Erosion Control Plan:

Less Than One (1) Acre Disturbed: **\$100 per site**

One (1) Acre or Greater Disturbed: **\$100 per site + \$30/acre for each additional acre**

*Note: The maximum fee for all permits under this category shall be \$600.*

#### II. Applications that Require an Erosion Control and Stormwater Mgmt. Plan:

Residential Subdivision Plats: **\$35 per lot**

All Other Sites: **\$160 per site + \$40/acre for each additional acre**

*Note: The maximum fee for all permits under this category shall be \$1,500.*

#### III. All Permit Applications:

**\*\*Any project found to be engaging in land development or land disturbing activity subject to the provisions of Chapter 27 County Code that has not obtained a Construction Site Erosion Control and/or a Stormwater Management permit, shall be charged double the applicable fee listed above.**

In addition to the above fees, the applicant shall be charged the following fee each time a set of erosion control plans or stormwater management plans must be significantly revised and resubmitted (as determined by the LWCD) in order to bring them into compliance with Chapter 27 requirements:

\$35 for sites with less than one (1) acre disturbed area

\$70 for sites with one (1) acre or greater disturbed area

#### IV. Applications to Fond du Lac County Sanitation, Shoreland and Floodplain Board of Adjustments:

\$500 + Appropriate Permit Application Fee - *Paid at time of application to Board of Adjustment.*

#### V. LWCD Permit Review and Permit Staff:
